

Kieren Clark - 3Ks Racing

PRESS RELEASE

Lights to flag victory as Clark dominates at Oulton Park

Apotex Scorpio Motorsport's Kieren Clark swept to victory in the opening round of the 2009 Protyre Formula Renault BARC Championship at Cheshire's Oulton Park Island circuit.

As the lights went out for the start of the 15 lap race, the Cambridge based racer made a superb start to lead the field into Old Hall. By the first few laps, a solid lead had already developed over the rest of the field, and continuing to push, KC set the fastest lap of the race on lap 10 with a time of 1min 23.088s (96.44mph average), earning him two extra Championship points. The chequered flag belonged to Clark who crossed the line with a 5.458s lead, having totally dominated the race.

Commenting after his win, a delighted KC said: "I got a fantastic start off the line although the first few laps were really tough with Dino [Zamparelli] pushing hard. I just concentrated on being consistent and managed to pull away and build a comfortable lead. Oulton Park is one of my favourite tracks and it's great to come away with a win. The Apotex Scorpio team did a great job this weekend, the car was spot on."

So what next for the Cambridgeshire youngster? "We have set this weekend up with the backing of my sponsor, Taylex Exhibitions, but I'm really not sure what will happen for the rest of the season. It all comes down to money and we are actively looking for partners that can get me out on track for the rest of the season. This win has really fired me up, so I hope we can get something sorted. I've got a lot to offer my partners, more than just a sticker on our car, so I hope this can get me some exposure, and lead on to something exciting. "

Kieren Clark - 3Ks Racing

PRESS RELEASE

John Petit, from the Apotex Scorpio team was naturally pleased with the result, "Kieren has put in a very professional weekend here, working through testing yesterday to get the car set up and the gear change points optimised. Now on race day, a cool qualifying session, putting in 2 laps on exactly the same pole time, set him up for the race". He did everything right in the race, a good start got some space from the pack, then he got his head down and ran faultlessly, handling the pressure well to not put a foot wrong for the 15 laps. He has demonstrated a cool calm approach and deserves to get some support for the rest of the season."

To support Kieren doesn't cost as much as you would think and there are some great opportunities to use this as a platform to get your business or favourite charity noticed.

You could be working with Kieren and sharing in the success.

Contact us at info@3ksracing.co.uk to find out more about the opportunities to get involved in motorsport, or visit Kieren's website www.kierenclark.com to see how we can work to achieve your organisation's business objectives, and support Kieren onto the next step.
