You could get to meet the delightful Miss Oxford as well!

"This is a great prize", said Tonya who is no stranger to working with the team, "and I'm delighted to be working with such a determined individual as Kieren, and helping him to get to the very top. I'm really looking forward to the weekend and being part of this popular event"

The 21-year-old from Yarnton is a former pupil at The Marlborough School in Woodstock, and has just completed her degree in politics and Russian at Birmingham University. "I love getting involved in this type of event, there is such a buzz on the day."

Someone has to win this amazing prize, and it could be you! All texts will support Kieren on his mission to climb to the front of the grid.
