

## TAYLex Displays Ltd

*'the exhibition company'*

**Taylex is pleased to be backing the young up and coming racing driver Kieren Clark in his quest for success on the race track.**

**Kieren is competing in the extremely demanding Formula Renault series, which forms part of the British Touring Car race weekends.**

**This was the proving ground for the formula 1 sensation Lewis Hamilton, and a route Kieren is hoping to emulate.**

**Taylex management team are proud to sponsor Kieren, mirroring the shared goals between us.**

**We look to perform at the top of our respective professions, and like Kieren on the race track, we aim to be responsive, fast and precise in all our business dealings.**

**We wish to win in securing your business, and can also provide the opportunity for your business to come and see Kieren race at the incredibly popular British Touring Car weekends.**

**"The main advantage for Taylex using Kieren as an advertising media, is that it reaches our clients in all parts of the country as the series is at different track locations. We invite clients to their closest track for a really good day out. The cost is also very beneficial as the series is televised and there is no way we would be able to afford TV exposure".**

**Taylex mission is to be a supplier of successful exhibitions, working seamlessly with our clients to ensure maximum return on their stand expenditure.**
